

2014 Candidate Survey

CONNECTICUT LEAGUE OF
CONSERVATION VOTERS

- BEFORE YOU COMPLETE THIS QUESTIONNAIRE, PLEASE SAVE IT TO YOUR COMPUTER AND USE THAT FILE TO RETURN TO US.
- Please complete this survey by August 1, 2014.
- Email your completed survey to: ctlcvt@ctlcvt.org

Candidate Name: Roberta B. Willis

Running for: House Senate District No: 64 Party: Dem

Candidate/Campaign Mailing Address: P.O. Box 1733

Phone: 860 435-0621 Website: Roberta^{willis}4us.com Email: Roberta.4us@gmail

Are you enrolled in the Citizen's Election Fund for public campaign financing? Yes No

Do you have a primary? Yes No

Are you an incumbent? Yes No

Part 1: If elected, what position do you expect to take on the following environmental issues?
 Please mark boxes named "Support," "Uncertain," and "Oppose" with an x.

| Topic | Question | Support | Uncertain | Oppose |
|----------------|--|-------------------------------------|-------------------------------------|--------------------------|
| Parks | Would you support state park and forest revenues going to park and forest operations and maintenance rather than to the General Fund? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Comments: | | | | |
| Transportation | CT is one of the 10 states most dependent on federal funds as a percentage of their transportation expenditures. More than half of the states and localities have moved forward on increasing their funding share. Do you favor this and how might we do it in CT? | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

| | | | |
|----------------------------|--|-------------------------------------|--------------------------|
| Comments: | | | |
| Property Tax Reform | CT's property tax burdens small towns, strangles cities, undermines mass transit and drives sprawl. Would you be an advocate on behalf of the environment in the tax reform debate, especially with regards to property tax? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

Comments: *While I support property tax reform - the challenge will be funding since the state will need to supplant funding for education.*

| Topic | Question | Support | Uncertain | Oppose |
|---|---|-------------------------------------|--------------------------|--------------------------|
| Pesticides | The American Academy of Pediatrics and many other science and medical institutions have warned that pesticides (including herbicides) are harmful to human and ecological health. CT has a ban on use of lawn care pesticides on grounds of elementary and middle schools. Would you support legislation to extend this ban to high schools and public parks where children play? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Comments: | | | | |
| Pesticides | Should towns have more authority to limit or guide pesticide applications within their borders, including roadside spraying and applications of pesticides in wetlands and surface water? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Comments: <i>I am concerned that towns may not handle the use of pesticides properly.</i> | | | | |
| Water Source Protection | CT normally uses decades old data for setting standards and guidance for stormwater management. Would you support requiring the state to upgrade its standards using scientifically validated, up-to-date statistics on volumes of water associated with extreme storms and annual precipitation? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Comments: | | | | |
| Microbeads | Many personal care products such as shampoos and toothpaste are being manufactured using tiny plastic microbeads. Once microbeads are washed down the drain, they can enter lakes, rivers, and eventually the ocean through sewage overflows or pass through sewage treatment plants. Microbeads, like other plastics, can absorb toxic chemicals. They can be mistaken for food by aquatic life and can be passed up the food chain to larger fish, wildlife, and humans. Would you support legislation to protect our waterways from this new environmental threat? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Comments: | | | | |
| Conservation Lands | Would you support passing a state Constitutional Amendment to better protect state conservation lands from being given away for non-conservation purposes? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Comments: | | | | |

| | | | | |
|--|--|---|--|--|
| Energy | Would you support policies or legislation to protect and expand the state's cost-effective energy efficiency programs opposing any attempts to raid the CT Energy Efficiency Fund for state budgetary needs? | ✓ | | |
| Comments: | | | | |
| Energy | While other states promote shared net metering and sub metering for solar, fuel cell and other distributed renewable sources, CT imposes regulatory barriers that effectively prevent development of these projects in our state. Would you support legislation that removes these barriers and enable clean renewable distributed generation to move forward? | ✓ | | |
| Comments: Absolutely - I have been working on this issue for the past 2 yrs. expanded to agriculture - more needs to be done! | | | | |
| Toxins | Would you support legislation that requires the Department of Public Health to identify chemicals of high concern to children, manufacturer disclosure of those chemicals and a process for recommendations to reduce exposure? | ✓ | | |
| Comments: I have supported + worked on establishing Chemical Institute @ UConn | | | | |

Part 2: What environmental issue has lacked the attention in Connecticut that it deserves? As a legislator, what will you do to change that?

Part 3: What are the environmental priorities in your district?

- land conservation
- water protection
- fracking - (my district closest in CT to Hudson Valley - watching NY carefully)
- Restoring passenger RR Pittsfield MA to NYC.

Part 4: If you are elected, what would be your top environmental priorities for the 2014 legislative session? Please identify up to three and rank the three in order 1, 2, or 3:

- ___ Parks
- ___ Transportation
- ___ Pesticides
- 1 Water Source Protection
- ___ Microbeads
- 2 Conservation Lands
- 3 Energy
- ___ Toxins
- ___ Property Tax Reform
